2 The present matter is a complaint which was filed in order to supplement the complaint filed in
3 C-07-04551-WDB. That matter was transferred to the Eastern District on 2008 May 16th. At the time of
4 the filing of the present complaint, a writ challenging the transfer was anticipated and this complaint
5 could not be filed in the Eastern District without waiving the basis of the writ. Accordingly, this
6 supplemental complaint was filed in the Northern District. In the meantime, counsel for plaintiff has
7 engaged in negotiation with opposing counsel to consolidate the two matters. Defendants refuse to so
8 stipulate. A motion will be required in the Eastern District.
